

SIDEWALK SPINNER

Spinning action quickly draws attention of passing traffic.

Customers will see your sign sooner, and retain your message longer.

Features:

- Patent Pending Bearing Assembly keeps the sign spinning in the lightest breeze!
- 10mm Coroplast® is water proof, and 300% more durable than the 4mm Coroplast® normally used in outdoor signs!
- Easy tool-less panel change, in under 30 seconds!
- With proper care, the sign has an expected life of 3-8 years of everyday use!
- Strong enough for sustained winds up to 25 MPH!
